

WE CARE about YOUR HEALTH

That's why we disinfect our office with Vital Oxide™.

It is important to us that the surfaces you touch and the air you breathe are germ free and allergen free.

- ✓ Vital Oxide kills 99.999% of bacteria and viruses- including cold, flu, & coronaviruses*
- ✓ It is safe for you, your children, your pets and aquatic life –ideal for individuals with allergies or scent sensitivities
- ✓ It is environmentally friendly - No VOC's, biodegradable & will not harm aquatic life

We believe in providing a facility with the highest of standards. Every room is disinfected from the floor to the ceiling and everything in between.

Hospital-grade disinfection for better germ protection!

*testing not yet available for COVID-19
